Overview

This guide explains how to prepare data for migration into the GCC Certificate Management System. The client should populate the CSV templates in the order specified below.

Data Import Order (Dependencies)

Data must be imported in this order due to foreign key relationships:

```
1. Certification Types       (no dependencies)
2. Product Categories        (no dependencies)
3. Product Types             (depends on: Product Categories)
3a. Product Subcategories    (depends on: Product Types) - OPTIONAL
4. Companies                 (no dependencies)
5. Products                  (depends on: Categories, Types, Subcategories, Companies)
6. Tags                      (no dependencies) - OPTIONAL
7. Certificates              (depends on: Companies, Products, Certification Types)
8. Certificate Product IDs   (depends on: Certificates) - FOR AMAZON INTEGRATION
```

CSV Templates

1. Certification Types (`01_certification_types.csv`)

The types of certifications your organization issues.

Column	Required	Max Length	Description	Example
NAME	**Yes**	255	Certification type name	Recycled Content
AMAZON_CODE	No	255	Amazon partner code	RC
DESCRIPTION	No	-	Description of cert type	Recycled content certification
PARENT_NAME	No	255	Parent type name (for subcategories)	

Current System Values:

- Recycled Content
- GreenCircle Audited
- Certified Environmental Facts
- Waste Diversion from Landfill
- Carbon Footprint Reduction
- Material Ingredient Reporting
- Certified Sustainability Facts
- LCA Optimized
- Certified Energy Savings
- Closed Loop Product

2. Product Categories (`02_product_categories.csv`)

High-level groupings for products.

Column	Required	Max Length	Description	Example
NAME	**Yes**	255	Category name	Building Materials
DESCRIPTION	No	-	Description	Construction products
SORT_ORDER	No	-	Display order (1, 2, 3...)	1

3. Product Types (`03_product_types.csv`)

Specific product types within categories.

Column	Required	Max Length	Description	Example
NAME	**Yes**	255	Product type name	Insulation
CATEGORY_NAME	**Yes**	255	Must match a Product Category	Building Materials
PARENT_NAME	No	255	Parent type (for sub-types)	
SORT_ORDER	No	-	Display order	1

3a. Product Subcategories (`03a_product_subcategories.csv`) - OPTIONAL

Third level of product hierarchy (Category > Type > Subcategory).

Column	Required	Max Length	Description	Example
NAME	**Yes**	255	Subcategory name	Foam Board
PRODUCT_TYPE_NAME	**Yes**	255	Must match a Product Type	Insulation
DESCRIPTION	No	-	Description	Rigid foam insulation boards
SORT_ORDER	No	-	Display order	1

4. Companies (`04_companies.csv`)

Organizations that hold certificates.

Column	Required	Max Length	Description	Example
NAME	**Yes**	255	Company name	Sofidel America Corp.
CONTACT_INFO	No	255	Contact person/dept	John Smith, Sustainability
EMAIL	No	255	Contact email	sustainability@company.com
WEBSITE	No	500	Company website URL	https://www.company.com
LOCATION	No	175	City, State/Region	Horsham, PA
COUNTRY	No	100	Country name	United States

5. Products (`05_products.csv`)

Products that are certified.

Column	Required	Max Length	Description	Example
NAME	**Yes**	255	Product name	Plastic Film Packaging
DESCRIPTION	No	-	Product description	Recyclable packaging film
COMPANY_NAME	No	255	Owning company (must match Companies)	Sofidel America Corp.
CATEGORY_NAME	**Yes**	255	Must match a Product Category	Materials / Plastics
PRODUCT_TYPE_NAME	No	255	Must match a Product Type	Packaging
MODEL	No	100	Model number	PKG-2000
SKU	No	50	Stock keeping unit	SKU-12345
UPC	No	50	Universal Product Code	012345678901
ASIN	No	50	Amazon Standard ID	B08XYZ1234

6. Tags (`06_tags.csv`) - Optional

Tags for filtering and categorization.

Column	Required	Max Length	Description	Example
NAME	**Yes**	50	Tag name	APR
TAG_TYPE	**Yes**	20	`external` or `internal`	external
DESCRIPTION	No	-	Tag description	Association of Plastic Recyclers

Tag Types:

- `external` - Visible to all users (APR, LEED, FSC, etc.)
- `internal` - Only visible to analysts/admins

7. Certificates (`07_certificates.csv`)

The main certificate data.

Column	Required	Max Length	Valid Values	Example
CERTIFICATE_NUMBER	**Yes**	7	Format: YY-NNNN	23-0358
COMPANY_NAME	**Yes**	255	Must match Companies	Sofidel America Corp.
PRODUCT_NAME	**Yes**	255	Must match Products	Plastic Film Packaging
CERTIFICATION_TYPE	**Yes**	255	Must match Certification Types	Recycled Content
EFFECTIVE_DATE	**Yes**	-	Format: M/D/YYYY	6/1/2023
EXPIRATION_DATE	**Yes**	-	Format: M/D/YYYY or blank for perpetual	5/31/2026
LOCATION	No	175	Manufacturing/facility location	Horsham, PA
COUNTRY	No	100	Country name	United States
STATUS	No	50	See status values below	active
PARTNER	No	100	Amazon, Novi, or None	None
CERTIFICATION_RESULTS	No	1000	Test results/scores	95% recycled content
TAGS	No	-	Comma-separated tag names	APR, LEED
ASIN	No	-	Amazon Standard ID	B08XYZ1234
UPC	No	-	Universal Product Code	012345678901
GTIN	No	-	Global Trade Item Number	00012345678905
EAN	No	-	European Article Number	5012345678900

Valid Status Values:

Status	Description
`active`	**Use this for live certificates**
`draft`	Work in progress
`pending_review`	Awaiting review
`expiring_soon`	Near expiration
`expired`	Past expiration date
`renewal_in_progress`	Being renewed
`suspended`	Temporarily inactive
`revoked`	Permanently revoked

> **Note:** For certificates to appear on the public tile view, they must have status `active` , `expiring_soon` , or

> `renewal_in_progress` .

8. Certificate Product IDs (`08_certificate_product_ids.csv`) - FOR AMAZON

Multiple product identifiers per certificate for Amazon/partner marketplace integration.

Column	Required	Max Length	Valid Values	Example
CERTIFICATE_NUMBER	**Yes**	7	Must match a Certificate	23-0358
PRODUCT_ID_TYPE	**Yes**	10	ASIN, UPC, GTIN, EAN, ISBN, SKU, MPN	ASIN
PRODUCT_ID_VALUE	**Yes**	50	The actual ID value	B08XYZ1234
PARTNER	No	50	Amazon, Novi, None, Other	Amazon
STATUS	No	20	Active, Inactive, Pending, Expired	Active
PRODUCT_NAME	No	200	Product name for this specific ID	Plastic Film Roll - 100ft
PRODUCT_SKU	No	100	SKU for this product variant	SKU-PF100
DESCRIPTION	No	500	Notes about this product ID	Main Amazon listing

Product ID Types:

- `ASIN` - Amazon Standard Identification Number (10 chars, starts with B0)
- `UPC` - Universal Product Code (12 digits)
- `GTIN` - Global Trade Item Number (14 digits)
- `EAN` - European Article Number (13 digits)
- `ISBN` - International Standard Book Number
- `SKU` - Stock Keeping Unit
- `MPN` - Manufacturer Part Number

> **Use Case:** A single certificate can have multiple product IDs. For example, if a company has the same certified product listed with different sizes on Amazon, each ASIN would be a separate row.

Data Validation Rules

Certificate Number Format

- Must be 7 characters: `YY-NNNN`
- YY = 2-digit year
- NNNN = 4-digit sequence number
- Example: `23-0358` , `24-1597` , `25-0123`

Date Formats

- Accepted: `M/D/YYYY` , `MM/DD/YYYY` , `YYYY-MM-DD`
- For perpetual certificates (no expiration): leave EXPIRATION_DATE blank or use `2099-12-31`

Country Values

Please use consistent country names:

- `United States` (not USA, US, U.S.)
- `Canada`
- `United Kingdom` (not UK, U.K.)
- `Mexico`
- etc.

Required vs Optional Fields

- Fields marked **Yes** in Required column must have values
- If PRODUCT_NAME is blank, system will use "Not Specified"
- If EXPIRATION_DATE is blank, system will use 2099-12-31

Sample Data

See the sample CSV files in this folder for examples of properly formatted data.
