Certified Sustainability Facts™

Company: Pioneer Industries, an ASSA ABLOY Group Company
Product: PIONEER HT-HTF-CHT Series QMAX Thermally Enhanced Core Hollow Metal Flush
Facility Location: Carlstadt, NJ
Certification Period: July 1, 2024 - June 30, 2027
Certification Number: 26-0113

Circular Economy	LEED Eligibility	Results
Recycled Content[1]	v4, v4.1, v5	22%
Pre-Consumer		11%
Post-Consumer		11%
Waste Diversion from Landfill		85%
Waste to Landfill Reduction		76%
Human Health		
Low-Emitting Materials[2]	v4, v4.1, v5	GREENGUARD Gold
Climate Health		
Published Environmental Product Declaration (EPD)[3]	v4, v4.1, v5	Yes
Embodied Carbon (kg CO_2 eq/door)[4]		120
Facility Carbon Emissions Reduction[5]		40%
Sustainable Energy Practices		Yes
Facility Energy Usage Reduction		39%
Ecosystem Health		
Sustainable Sourcing[6]		Yes
Social Health and Equity		
Community Stewardship[7]		Yes
Diversity and Inclusion Program[8]		Yes
Equity in Employment[9]		Yes
Ethical Supply Chain Policies[10]		Yes

Gensler Product Sustainability Standard - Market Differentiator*

Baseline Period: January 2019 - December 2019
Evaluation Period: January 2023 - December 2023
Compliant with GreenCircle Certified Sustainability Facts Certification Standard Audit Plan 10.2024

**This CSF label qualifies the product as a Market Differentiator under the Gensler Product Sustainability (GPS) Standards v2.1 - Multi-Attribute Certifications. The following versions of the product are eligible for GPS recognition: versions intended for indoor use, 16 and 18 gauge versions, and versions not classified as extra heavy interior doors.*

Attributes in green contribute to LEED v4, v4.1, and/or v5 credits and/or Gensler Product Sustainability (GPS) Standard v2.1.
All reductions benchmarked to production.
1. This meets the requirements of LEED v4 and v4.1: MR Credit: Sourcing of Raw Materials. This meets the requirements of LEED v5 MR Credit: Building Product Selection and Procurement.
2. This meets the requirements of LEED v4, v4.1, and v5 Credit: Low-Emitting Materials. Qualifies for Gensler Product Sustainability (GPS) Standards v2.1 - Indoor Air Impacts.
3. This meets the requirements of LEED v4 and v4.1: MR Credit: Building Product Disclosure and Optimization - Environmental Product Declarations. This meets the requirements of LEED v5 MR Credit: Building Product Selection and Procurement.
4. This is global warming potential for cradle-to-gate life cycle stages (A1-A3) using TRACI methodology.
5. Scope 1 and 2 emissions only.
6. Corporate Supplier Code of Conduct encourages minimal environmental impacts.
7. Verified community stewardship events hosted by Pioneer including the following: employee trash pickup for Earth Week and donations to the local animal shelter.
8. Verified commitment to a diverse and inclusive workplace through ASSA ABLOY's corporate policies. ASSA ABLOY Pioneer also offers free English classes available to employees at the Pioneer facility with English as a second language, demonstrating their commitment to inclusion at the facility.
9. Verified Employee benefits which include medical benefits, training and development programs, and financial counseling.
10. Corporate audit policies of supply chain practices conform to Design for Freedom principles.
